

Fire Science Program previous Fire Service Training Credit Policy

The Western Dakota Tech Fire Science Program has established a policy regarding previous Fire Service Training Credit.

College Credit will be given for previous Fire Service Training only if the training was completed prior to the start of the first day of each individual class.

College Credit will be granted as listed for established state or national certification standards or calculated as follows:

16 hours of classroom instruction equals 1 credit

2 hours of lab equals 1 hour of classroom instruction (Practical skills or field exercises)

3 hours of self study equals 1 hour of classroom instruction

Course description and syllabus may be required to be presented with requests.
