

# Automotive Technology

- Master ASE Certified Instructors bring real life experience to the classroom and share a passion for automobiles.
- Problem based learning gives students the skills necessary for advancement in the Automotive Service Industry.
- Gain skills in customer service, human relations, and shop management.
- Diagnosing and repairing on campus vehicles (student and faculty) gives the Automotive Technology program a “real shop” feel.

The Automotive Technology program strives to provide students with knowledge on the latest technology and in-depth training. According to the U.S. Bureau of Labor Statistics, in May 2022, the average wage in western South Dakota was \$46,800.

## Why Western Dakota Technical College?

We deliver a personal, career-oriented education ideal for the student pursuing a meaningful profession and prideful future. Faculty, staff, and administration are committed to teaching the knowledge, skills, and behaviors students need to be successful.
