

- This three-semester degree program will help prepare students for the medical field.
- A Medical Assistant is a professional multi-skilled person who assists in all aspects of medical care and is primarily employed in a medical office setting, medications as directed by a physician, and taking electrocardiograms.

Medical Assisting

Medical Assistants help physicians with patient care management. They also execute administrative and clinical procedures and perform managerial functions. According to the U.S. Bureau of Labor Statistics, in May 2023, the average wage in western South Dakota was \$37,040.

Why Western Dakota Technical College?

We deliver a personal, career-oriented education ideal for the student pursuing a meaningful profession and prideful future. Faculty, staff, and administration are committed to teaching the knowledge, skills, and behaviors students need to be successful.
