_____ We understand that sponsoring a student that has received the Build Dakota Scholarship will commit the employer to fund half of the students' tuition and fees (\$8000 for AAS, \$6,000 for LPN/RN, & \$4000 for Diploma (2 semesters programs). Sponsorship before April 15, 2021 guarantees the student a Build Dakota Scholarship, provided the student meets the entrance criteria set by Western Dakota Tech.

_____ We understand that payment will be invoiced at the beginning of the 1st semester of the student's first year in the program, after attendance and grades have been checked.

_____ We understand that this form does not serve as a commitment from a student and does not guarantee the employer a student match.

- Western Dakota Tech acknowledges that this is not a binding agreement between the company and Western Dakota Tech, but merely an intent to participate depending upon applicants. Western Dakota Tech also states that a student is not guaranteed a Build Dakota Scholarship through the Have Your Pick program without an Employment Agreement signed between the student and company by June 30, 2021.
- If awarded a Build Dakota Scholarship, the student must be enrolled full-time in the program that the scholarship was awarded, maintain a 2.5 GPA, and upon graduation work in the field of study for 3 years.
- We recommend the Employment Agreement between the company and the student clearly define what is a breach of contract, and the student's responsibility for paying back the funds to the company if there is a breach of contract.
