| **Life Skills**          | Students will be able to:  
  - Demonstrate the ability to achieve goals and practice good work ethic.                                                                                                                                               |
| **Analytical Skills**    | Students will be able to:  
  - Apply critical thinking to technical drafting problems.                                                                                                                                                              |
| **Communication Skills** | Students will be able to:  
  - Engage in professional dialogue to effectively convey and receive technical information.                                                                                                                         |
| **Technology Skills**    | Students will be able to:  
  - Apply CAD software to develop basic architectural, civil, and mechanical drawings.                                                                                                                                  |
| **Teamwork Techniques**  | Students will be able to:  
  - Work as a contributing team member to complete drafting projects.                                                                                                                                                   |
| **Social Values**        | Students will be able to:  
  - Show respect toward associates in the workplace.                                                                                                                                                                     |
| **Employability**        | Students will be able to:  
  - Exhibit entry-level knowledge and skills that augment existing experience and training to gain employment in the drafting field.                                                                                      |

### WDT Mission
Western Dakota Tech is a public institution of higher learning that embraces quality programs, expert faculty and staff, and a commitment to academic excellence to teach the knowledge, skills, and behaviors students need to be successful.
